Professional experience and Extracurriculars

Waiter in a restaurant

2021-2022

I have been working in a **restaurant** as a **waiter** during my first year of college. I have been working as a waiter and i had been actively learning how to **interact** with all kind of customers.

Cybersecurity Challenge of Belgium

2022-2024

We participated at the **CSCBE** from Belgium it's a cybersecurity **competition** between **all students** from differents years in Computer Science. It was really fun we ended at the 74th place during the qualifiers it was quite a shock.

College project : Iziplan

2023-2024

Iziplan is a project made with the **Ionic Framework** which is based on **Angular**. It is a **mobile application** which allow users to plan events and share them with their friends. The main goal is to make the organisation of events much simplifier. This is a project where we applied the **Scrum** and **Agile** principles.

Camp counselor during summer

2020-2022

I did a certified training as a youth leader and worked as a **camp counselor** for Vacances Vivantes, which organize activities for children and teenagers from **the age of 6 to 18 years** during the summer.

My interests

Music (guitar)

I'm a great **music listener** since i was young. One day i decided to pick up a **guitar** and start learning by my myself. Actually i never stopped since that day and i love every single moment of it. It was my first **"self-taught"** experience.

Cybersecurity

I have been interested in **cybersecurity** since i was a kid. When i entered college i decided to start training myself with online courses from **TryHackMe** and **HackTheBox**. Currently i completed the **Junior Penetration Tester** formation and i'm aiming to be below the top 5% in the ranking.
